

# The New Series 5000 eAPU<sup>®</sup>

## Unmatched Cooling Performance

Easier on the environment than idling

Driver comfort always top of mind  
Maximum cooling and direct airflow

COOLS TO  
**73°**  
IN UNDER  
5 MINUTES\*

 **Uninterrupted Rest with Automatic Start-Stop**  
Unlimited runtime. Never worry about the drain on the battery.

### Rest

- Increased Driver Comfort
- Maximum Cooling Capacity
- Direct Airflow
- Automatic Start-Stop

### Reduce

- Reduced Idling and Truck Maintenance
- Lower Fuel Costs
- Decreased Engine Wear
- Reduced Emissions

### ROI

- Minimal Maintenance
- Increased Engine Life
- Increased Driver Retention
- Bottom-Line Profits
